

# Coronavirus (COVID 19) Social Distancing Saves Lives

In accordance with Australian Government Mandates during these challenging times, **Prosser Scott** is committed to the health and safety of our team members and the community.

To keep our environment safe, we have introduced **Social Distancing** in our premises and during Funeral Services.

Even if you don't feel symptoms, you must exercise healthy **Social Distancing** to prevent the virus spreading to others and those more vulnerable.

Please do your bit to protect against exposure and be safe and respectful of others.

## 1 Metre Matters
